THE new railway rate law has gone into effect, but before it did the Democratic party, through its "peerless leader," Mr. BRYAN, had

Two Railway Policies.

a new policy. He is preaching that new policy of Government Ownership all over the country today, and while a few of the more conservative

Democrats in the South refuse to subscribe to it, it is as much the Democratic policy now as Sixteen-to-One was in 1896. While Mr. CLEVE-LAND was in the middle of his second term as President, and was appealing to Republicans in Congress to help him repeal the Sherman purchasing clause, Mr. BRYAN and his followers in the West were laying the wires for a free silver campaign. They practically committed the Democratic party to that policy in 1894, and two years later they defeated Mr. CLEVELAND's friends in the Chicago Convention and nominated Mr. BRYAN on that platform.

Mr. BRYAN and his followers, in as far as it is possible for a great party leader to do so, have again committed the Democratic party to a new policy, and Government Ownership of Railways is the paramount issue of that party. The issue has been made, and it is now, as it will be in 1908, between Government regulation by railways and Government Ownership of all the vast railway system of the United States. The one policy has been tried and has proved efficient in most cases. The law has, from time to time, been amended to make it more effective, and the new act passed by the Fifty-ninth Congress is acceptable to shippers and other patrons of the railways as effective on all points where the old law failed.

The simple question is, whether the Government shall continue the present policy of standing guard over the citizens' rights and compel the railways to do justice by shippers and communities, or whether it shall purchase all the railways and try to operate them, adding 1,500,-000 railway employes to the Government payroll and give opportunity for all kinds of graft by men without conscience who get into positions where they can rob the public for their own private gain. The Democratic party stands for this policy because it stands for Mr. BRYAN, and he is preaching it all over the land. A Republican Congress this fall means a continuance of Government regulation. A Democratic Congress means a policy of Government Ownership, or the threat of it, which is equally dangerous.

Some time was spent in discussing questions of Maysville. submitted by Pastors.

In their work they meet with difficulties and they may desire the advice of their brethren. But because these questions refer to a case

actually in existence, nothing is published.

The paper taken up at the morning session is that of the so-called Free Protestant or officially The Evangelical Protestant Society. The general meaning of the term Protestant embraces all Christians outside of the Roman Catholic Church. In the application of the term designating this particular society it must be noted that these Protestants are distinct from the Evangelical Lutheran, the Reformed and the Evangelical (Unirte Kirche.) Many people mistake one for the other and unite with a Free Protestant Society when they were looking for the Evangelical Lutheran Church. That

A significant feature of their entire system of doctrine is that they adopted no distincttively Lutheran doctrine or form. The arrangement in their Catechism of the doctrine resembles strongly that of the Reformed and not that of the Lutheran Church. They have adopted the Reformed order in enumerating the Commandments. From the order of service they have excluded everything that is characteristic of the Lutheran Church.

is largely due to ignorance.

Again, when reviewing the Catechism one notices that many things of great importance and essential to faith are ignored, while many things that are taught lack clearness. At any rate a Lutheran cannot be satisfied with the presentation of the way of salvation as it is

his goal. While the Lutheran Church does not claim that only her members will be saved, After reading and adopting minutes the she yet lays great stress upon the truth. The Treasurer made his semi-annual report which truth of God she seeks incessantly, but the tend to negotiate peace. truth of God she also defends fearlessly. To her it is the truth of God that saves, not human tradition, invention or reason.

Mason County Wins at the Bluegrass Fair at Lexington

There were but five samples of tobacco from Mason county exhibited at the Bluegrass Fair. These exhibitors succeeded in capturing two of the first premiums which were offered. This is conclusive proof that Mason county is the tobacco county of Kentucky.

The Eighth Annual Tobacco Fair will be held in Maysville on Saturday, February 23d, 1907. Very liberal premiums will be offered; the amount will be published later. Competition will be open to the entire White Burley producing territory of the world.

BUILT UP HER HEALTH

She Is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Miss Cora Goode, 255 E. Chicago Avenue, Chicago, Ill., believes it her duty to write the following letter for publication, in order that other women afflicted in the same way may be

benefited as she was. Miss Goode is president of the Bryn Mawr Lawn Tennis Club of Chicago. She writes;

Dear Mrs. Pinkham:-Dear Mrs. Pinkham:—

"I tried many different remedies to build up my system, which had become run down from loss of proper rest and unreasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia E. Pinkham's Vegetable Compound for female troubles, having used it herself some years agowith great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felts so strong and well as I have since."

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

It is my purpose to have a combination sale of city property and farms on Wednesday, October 24th, 1906, beginning at the Courthouse at 10:30 a. m., at which time the farm property will be sold and the program for the day announced.

One very important thing in order to have a successful sale is to have a good attendance of buyers. In order to secure this result, I will arrange for some good music and other attractive features. Ladies as well as gentlemen will be expected and provision made for their comfort. Transportation will be furnished for those who wish to visit the property, but this does not include children.

If you have property that you desire to sell at public auction this will be your cheapest and best method of doing so, as I pay all advertising and other expenses connected with the sale for a nominal fee for each piece of property listed for sale. In case of failure to sell, this is the only expense that you will have to pay. In case sale is made, my usual commission will be charged, minus the above fee.

I have attended some sales of property at public auction where the attendance was so small that no enthusiasm or interest could be aroused. By this plan, if your property has any merit, you may expect to have competitive bidding. Should you desire to take advantage of this opportunity to sell your property come to me at once in order that it may be properly classified and advertised. I expect to offer some very desirable homes and farms; also, some vacant lots. There is no doubt but what I can manage your farm property to good advantage, provided you wish to

have it exposed to public sale. Shall be glad to have you call and get full information.

RAXEL'S

After an illness of twelve weeks with dropsy, Mr. Robert R. Frost died at 6:30 o'clock this morning at his home, 308 West Second street. He was born in this city March 22d, 1850, and was consequently in his 57th year.

Surviving are a widow and one son, Mr. Randolph Frost.

Mr. Frost was for 41 years a faithful and valued employe of the Maysville Cotton Mills, and for 19 years represented his Ward in the Board of Councilmen, always taking rank as one of the most practical and conscientious members of that body.

He was a member of the P. O. S. of A. and of the Washington Fire Company, and his funeral, which will probably occur Sunday afternoon, will be under the auspices of the former body, the interment being in Maysville Ceme-

MRS. W. T. BURDICK.

Mrs. Burdick, wife of Dr. W. T. Burdick, died Wednesday at 12:20 o'clock at the family home at Tollesboro, after an illness from organic disease of the heart.

Mrs. Burdick was born at Danville March 8th, 1850, and was the daughter of Frederick and Elizabeth Walker Visscher. She was a sister of Colonel W. L. Visscher, the well known newspaper man.

Her marriage to Dr. Burdick occurred on January 23d, 1877, at Watertown, N. Y. Mrs. Burdick was loved for her true Christian

character, and her death removes from the family circle a devoted wife and mother and from her home town one of its most highly respected women. Surviving her are her husbond and four sons-

Charles and Fred of Tollesboro, Glenn of Detroit and W. V. Burdick, formerly of this city but now of Newport. Mrs. Burdick was a member of the Church of the Nativity of this city.

The funeral took place from the M. E. Church at Tollesboro at 9 o'clock this morning, the Rev. L. R. Godbey conducting the services. The interment will be in the Maysville Ceme-

"When my little boy was six months old, he had eczema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor,

that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body, was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly redited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

HIDDEN DANGERS

Nature Gives Timely Warnings That No Maysville Citizen Can Afford to Ignore

Danger signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy or a thick, red, ill-smelling urine full

of sediment and irregular of passage. Danger signal No. 2 comes from the back. Back pains, dull and heavy or sharp and acute, tell you of sick kidneys and warn you of the coming of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Maysville proof— James D. Tolle, Clerk at Wood Bros.' meat

market and living at 117 Short street, Mays-

ville, Ky., says:
"I was troubled a great deal for some time with constant heavy pain in the small of my back and over the kidneys. At times it was so bad that I could not stoop to sit down or get up without much difficulty. The action of the kidneys was noticeably weakened, and passages of the secretions were too frequent, and there was a scalding, burning sensation at times. Hearing of Doan's Kidney Pills I began using them, and finding great benefit, continued the treatment until I had taken one or two boxes more and was thoroughly cured of all my troubles. I have never bad the least bit of suffering from my back or kidneys since. I give all the credit to Doan's Kidney Pills, and feel justified in strongly recommending them to
